

Junior League of Columbia

“Done in a Day” Project Application

2010-2011

The Junior League of Columbia, Inc. is an organization of women committed to promoting voluntarism, developing the potential of women, and improving communities through the effective action and leadership of trained volunteers. Its purpose is exclusively educational and charitable.

The League (JLC) engages our volunteers across the community with various community projects including “Done in a Day” projects to meet our vision of strengthening the health and well-being of children and families in the Midlands. Each year, the League solicits applications for “Done in a Day” projects where our Junior League members will assist local non-profit organizations or social service agencies through hands-on volunteer work. A suitable project would allow volunteers to work a three to four hour shift on a one time basis between August 2010 and May 2011. Examples include food drives, staffing events, preparing resources for clients, hosting celebrations, and facility improvement/clean up days. While some JLC members are able to provide weekday assistance, weeknight and weekend projects are generally preferred.

These projects offer opportunities for our members to be exposed to different issues facing our community and the organizations that are addressing them. They allow our organization to partner with others, and help our over 500 active volunteers be involved in making a difference in the community.

Done in a Day projects should be meet the following criteria:

1. **Done in a Day projects must include a request for volunteers.** While funding is available to assist with these projects, requests for only funds will **NOT** be accepted.
2. The League cannot provide volunteers for fundraising for other organizations.

Organizations whose projects are selected will be notified and will be able to work with members of our Done in a Day committee, who are available to help with planning, purchasing, and logistics.

The deadline for the submission of applications is June 15, 2010. Organizations meeting this deadline will be notified by early July of final decisions. Applications received after the deadline will be reviewed and considered based upon availability.

To submit be considered for a Done in a Day project, please submit the following information either electronically to info@jlcolumbia.org or by mail to:
